## Press release

### **ERIS LLC will take part in Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC)**

ADIPEC 2019 will take place on 11–14 November 2019 in the Abu Dhabi National Exhibition Centre (UAE). ERIS LLC will demonstrate its products on the collective stand of the Perm region.

ERIS LLC will showcase the possibilities of the portable gas detectors [PG ERIS-414](#) with an option of GPS positioning via Bluetooth or the LoRaWAN protocol and the SOS button [ERIS S-Point](#). Besides, the company will present the fixed single-channel gas detectors DGS ERIS 200 Series, including the sensor-gas analyzer wireless model [DGS ERIS-210-RF](#) employing wireless solutions.

In addition the company will present two new products: dual and four channel gas detectors [Advant 2](#) and [Advant 4](#). The detectors are intended to measure the concentration of explosive, toxic gases, oxygen, carbon dioxide, volatile organic compounds in the air of the working area.

The list of products that will be presented at the exhibition includes the multi-channel controller [SGM ERIS-130](#) receiving signals from ERIS and other most common gas detectors.

## Reference
